Privacy Policy

At Zupex.io, your privacy is important to us. We keep things straightforward and transparent. Here's what you need to know:

Minimal Tracking with Google Analytics

- We use Google Analytics to track website traffic and understand user behavior.
- Google Analytics may collect data such as your IP address, browser type, and pages visited.
- You can opt out of Google Analytics tracking by using browser settings or tools like the Google Analytics opt-out add-on.

Minimal Data Collection

- The only user data we store in our database is your email address.
- We also store your Binance API key and secret to connect to the Binance API.
- We do not collect or store any other personal information.

Proxy Tool for Binance

- Zupex.io acts as a proxy tool that connects to Binance on behalf of users.
- Users can open and close orders on Binance through our platform, but we do not retain any transaction history.
- Zupex.io provides software only. Any references to trading, exchange, transfer, or wallet services, etc., are references to services provided by third-party service providers.

Your Rights

You have the right to:

- Request deletion of your email and Binance API key from our database.
- Request a copy of any personal data we may hold about you.

To make any requests, contact us at info@zupex.io.

Compliance

We comply with applicable privacy laws, to ensure your data is handled securely and responsibly.

No Data Sharing

We do not collect, share, sell, or transfer any personal data beyond what is strictly necessary for basic platform functionality.

That's it! Simple, transparent, and privacy-focused.
